

## **Bolton Conservation Commission Meeting Minutes**

Date: November 11, 2008  
Time: 6:00 pm  
Location: Bolton Town Office  
Members Present: Tom Longstreth, Lexie Haselton, Tony Barbagallo

### **Upper West – CRAG VT**

The Conservation Commission discussed potentially helping CRAG VT with some portion of the financing for the purchase of the Upper West climbing cliff on the Bolton Notch Rd. The Conservation Commission felt they would like a number of questions answered by CRAG VT with respect to how potential funding might be used. These questions addressed the type and holder of a conservation easement, how the land be used, access to the property, and an estimate of the funding needs so far.

Given answers to these questions, this will be discussed at the next Conservation Commission meeting.

### **Park and Ride**

The Conservation Commission discussed the proposal being discussed by the Planning Commission for a Park and Ride in Bolton. The Conservation Commission is in support of Park and Ride and will submit a Statement of Support to the Planning Commission.

### **Membership Terms**

The membership terms of Conservation Commission members was reviewed.
