

What's your grand vision for Wheeler Field?

Hey there, Bolton friends and neighbors! As many of you already know, the Town of Bolton has acquired a new recreation field! **Wheeler Field** is a 3.6 acre property at the intersection of Stage and Nashville Roads. Currently, it is an open expanse with a small baseball diamond, a dash of woods by the 4-way stop, and a lot of untapped potential.

Thanks to an amazing group effort, Wheeler Field is now conserved. We raised funds from donations, pulled off some nifty fundraising projects, and were awarded 2 generous grants from Vermont Housing & Conservation Board.

Now, with the Friends of Wheeler Field (FOWF), the Conservation Commission, and a few dedicated volunteers, we're rolling up our sleeves to craft a master plan for this beautiful space.

We invite you to share your visions, dreams, and what you think can make Wheeler Field an asset to all Bolton citizens. While we can't promise to make everything happen, we will give every idea a warm welcome.
